**Malaysia to Host the World Class Hairdressing Championship in 2015**

2015 will mark a significant year and an important milestone for Malaysia hair & beauty industry. A world recognition hairdressing competition - 2015 OMC Asia Cup Open in Malaysia will take place concurrently with International Beauty Expo (IBE) – The Most Acclaimed Business Platform for Beauty, Hair, Cosmetics, Nails and Spa Professionals at Kuala Lumpur Convention Centre from 16 to 19 May. This is indeed a significant step to further bring Malaysia's hair & beauty industry profile to a global level.

As a strategic events destination, the 66<sup>th</sup> season of 2015 OMC Asia Cup Open will be held in Malaysia for the very first time. The successful bid to host 2015 OMC Asia Cup Open Malaysia was a collaborative effort between the governmental and private sectors: Malaysian Hairdressing Association (MHA), Elite Expo Sdn Bhd, Ministry of Tourism and Culture Malaysia and Malaysia Major Events, MyCEB.

“Hairdressing is a lucrative business because everybody needs a haircut on a regular basis. Despite the economic value, the local hairdressing industry faces challenges in terms of financial support and public perception of those in the profession. Thus, it is crucial for the association, MHA, and the government to educate society about the importance of hairdressing for being a profession which worth for recognition”, says Malaysian Hairdressing Association's president, Mr. Billy Lim.

Billy Lim estimates that the local hairdressing industry as a whole, including cutting and styling services, products, equipment, advertising, modelling and entertainment events, generate an approximate of RM10 billion a year in terms of its turnover rate.

Billy emphasized, “The figure definitely will shock many, but the source of the RM10 billion turnover in fact comes from cutting and styling services (such as wash, colour and rebonding), equipment sales (such as hair dryer, iron and steamer), product sales (such as styling products and shampoo), event services (such as hair show competition and seminar), photo shoot services (such as modelling), education services (such as training programmes and fees) as well as other activities that include setting up the salon (such as renovation, interior and decoration)”.

Hair & beauty industry offers great potential for value growth. MHA is constantly looking for avenues to drive local hairdressers in one global arena. 2015 OMC Asia Cup Open will provide a perfect platform for the local hairdressers to showcase their talents, to develop new skills and as well as to obtain ample knowledge on the international standards and trends in the hair & beauty industry.

Malaysia will proudly host the 2015 OMC Asia Cup Open 2015 due to both economic and social benefits to the nation. Malaysia Major Events focuses on the specific task of promoting Malaysia at all levels. Since its inception, **Malaysia Major Events has been providing valuable support to approved international events staged in Malaysia** . OMC Asia Cup Open is targeting to receive more than 5,000 international competitors and tourist arrival, thus, driving a significant impact to the local economy benefits.

International Beauty Expo (IBE), annual trade fair catered to the beauty, hair, cosmetics, nail and spa industries, will be held concurrently at KL Convention Centre. Running concurrently will be a series of sensational blend of breath-taking hair shows, informative seminar, demonstrations, workshops, competitions and more activities by global masters will be scheduled during the four-day event. IBE 2015 will as well amalgamate well-known global and local brands to gather at the ever first-launched Brand Pavilion in OMC Grand Hall, which will be the most acclaimed brands congregation of the year.
